Cocktails & Spirits With Attitude

Long before cocktails had names, before whiskey had age statements and gin had botanicals, people gathered to distill the world into a glass — to preserve, to celebrate, to feel something deeper. Spirits began as medicine. Cocktails began as necessity. Over time, they became ritual.

And what better place for ritual than here — under the shadows of the giant stones of Meteora, where the horizon hangs between earth and sky?

At Feel the Rocks, we bring the story full circle. Classic recipes. Modern craft. A spirits list that stretches across continents — from the Scottish Highlands to Kentucky rick-houses, from Mexican mezcaleros to Japanese precision.

This is not just a Cocktails & Spirits Menu. It's an invitation to pause, sip, and rise slightly above the noise.

You're at Meteora.
Now, Feel the Rocks.

SIGNATURES COCKTAILS

STRAPLESS LEMONADE 9,00€
Βότκα αρωματισμένη με λεμόνι σε συνδυασμό με πράσινο μήλο και φράουλες |
Vodka infused with lemon in combination with green apple and strawberries

GIN & TONIC COCKTAILS

TANQUERAY RANGPUR & INDIAN TONIC 10,00€

Ένα μοναδικό τζίν που συνδυάζει το ξύσμα λάϊμ και το χυμώδες ενός πορτοκαλιού της ποικιλίας Mandarin | A unique gin that combines the lime zest and the juicy orange of mandarin variety

MONKEY 47 & DRY TONIC WATER 18,00€

Ελκυστική μυρωδιά με μερικές πικάντικες νότες. Το νούμερο 47 δηλώνει τον αριθμό των αρωματικών που χρησιμοποιούνται σε αυτό το τζίν. Το προτείνουμε με dry tonic water | Attractive scent with some spicy notes. Number 47 indicates the number of fragrances used in this gin. We recommend it with dry tonic water

GRACE & AEGEAN TONIC WATER 12,00€

Ελληνικό τζίν υψηλής ποιότητας που εντυπωσιάζει απο την εκφραστική του μύτη μέχρι το μακρύ του τελείωμα. Αναλύει ιδιαίτερα αρώματα της ελληνικής γής, όπου ο άρκευθος κυριαρχεί σε τέλεια ισορροπία με μοναδικό κρίταμο, τα άνθη μυρτιάς και το σχινό. Το προτείνουμε με Aegean tonic water | Greek gin of high quality that impresses with its expressive nose to its long finish. Analyses particular aromas of Greek land, where the juniper is in perfect balance with the unique criterion, the myrtle blossom and skinos. We recommend it with dry tonic water

GIN & TONIC ORIGINS

The origins of the gin and tonic trace back to the British colonial period, particularly in India in the 19th century. The British East India Company's soldiers and officials stationed there faced high risks of malaria, and quinine extracted from the bark of the cinchona tree, was one of the best-known preventatives. However, quinine was extremely bitter, so to make it more palatable, it was mixed with sugar, water, and lime. This mixture was essentially the first tonic water.

LEGENDARY CLASSICS COCKTAILS

PALOMA 9,00€
Λευκή τεκίλα με pink grapefruit soda | Tequila blanco and pink grapefruit soda

OLD FASHIONED 9,00€
Bourbon ή Rye Whiskey, σιρόπι ζάχαρης και αρωματικά bitters |
Bourbon or Rye whiskey, sugar syrup and aromatic Bitters

Gin και αγριοκέρασο σε συνδυασμό με ανανά και αρωματικά bitters |
Gin and wild cherry combined with pinneaple and aromatic bitters

DAIQUIRI 9,00€
Λευκό ρούμι, σιρόπι ζάχαρης και λάϊμ | White rum, sugar syrup and lime

COSMOPOLITAN 9,00€
Βότκα αρωματισμένη με λεμόνι, λικέρ πορτοκαλιού και χυμό cranberry |
Vodka infused with lemon, orange liqueur and cranberry juice

COSMOPOLITAN ORIGINS
The modern Cosmopolitan is thought to have gained popularity in the 1980s. While its exact origins are debated, one story attributes it to a bartender named Dale DeGroff, who worked at the Rainbow Room in New York City. He reportedly created a version of the drink using vodka, triple sec, cranberry juice, and lime juice.

Χυμός μήλου, σιρόπι ζάχαρης και ginger beer | Apple juice, sugar syrup and ginger beer

STRAWBERRY COOLLER 6,00€
Φράουλες και λάϊμ σε συνδυασμό με lemon soda |
Strawberries and lime in combination with lemon soda

CRANBERRY LEMONADE 6,00€
Λάϊμ, cranberry, σιρόπι ζάχαρης και soda | Lime, cranberry, sugar syrup and soda

COCTAILS ORIGINS
The origin of cocktails is a bit murky, but they are generally believed to have emerged in the early 19th century. The term “cocktail” first appeared in print in 1806, in a publication called The Balance and Columbian Repository. It defined a cocktail as a mix of spirits, sugar, water, and bitters. Bartending culture began to flourish in the 1800s, especially with the opening of bars in cities like New Orleans and New York. Iconic drinks like the Sazerac and the Manhattan emerged during this time. Prohibition in the 1920s also had a significant impact on cocktails, as it pushed bartenders to get creative with masking the taste of lower-quality spirits. This era led to the rise of many classic cocktails we still enjoy today.

GIN ORIGINS

Gin has a fascinating history that dates back to the 17th century. It originated in the Netherlands, where it was known as “jenever” or “geneva.” Jenever was initially developed as a medicinal spirit, made from malt wine and flavored with juniper berries, which were believed to have health benefits.

The spirit gained popularity and made its way to England in the 17th century. The English adapted the recipe, leading to the development of what we now know as gin. The drink became especially popular in the early 18th century during the “Gin Craze,” a period marked by the widespread consumption of gin in London, often resulting in social and public health issues.

VODKA ORIGINS

Vodka has a long and storied history that traces back to Eastern Europe, particularly Russia and Poland. The word "vodka" comes from the Slavic word "voda," meaning "water." Its origins are somewhat debated, but it is generally believed to have emerged in the 8th or 9th century.

MEZCAL ORIGINS

Mezcal has deep roots in Mexico, with origins that can be traced back to pre-Columbian times. The production of mezcal likely began with the indigenous peoples of Mexico, who used the agave plant for various purposes, including food, fiber, and fermentation.

The earliest known evidence of agave fermentation dates back to around 2000 BCE. The Spanish introduced distillation techniques to the region in the 16th century, which allowed for the production of mezcal as we know it today. The word "mezcal" comes from the Nahuatl word "mexcalli," meaning "cooked agave."

TEQUILA ORIGINS

Tequila has a rich history rooted in the region of Jalisco, Mexico, where it originated. The production of tequila dates back to the 16th century, with its roots in the indigenous practice of fermenting the agave plant.

The Aztecs and other indigenous groups fermented a drink called “pulque” from the agave sap, but it was the introduction of distillation by Spanish colonizers that led to the creation of tequila.

The first documented distillation of agave in the Tequila region occurred around 1600. The drink was initially known as “mezcal wine” before it became recognized as tequila, derived from the town of Tequila.

WHISKEY ORIGINS

Whiskey has a complex history that dates back to the 15th century, with origins in both Ireland and Scotland. The term "whiskey" itself is derived from the Irish word "uisce beatha" and the Scottish Gaelic "uisge beatha," both meaning "water of life."

The earliest written record of whiskey production comes from Ireland in 1405, where it was mentioned in the Annals of the Four Masters. Distillation techniques, likely influenced by the introduction of Arab alchemy, were adapted by monks and other early distillers.

RUM ORIGINS

Rum has a rich and diverse history, tracing its origins back to the Caribbean in the 17th century. The earliest records of rum production date to the 1650s in Barbados, where sugarcane plantations thrived.

The spirit quickly gained popularity among sailors, pirates, and colonial settlers, often being used as a form of currency and for trade. By the 18th century, rum had spread throughout the Caribbean, with different regions developing their own unique styles and production methods.

BRANDY ORIGINS

Brandy originated in Europe, back to the 12th century in the Mediterranean, evolving from the practice of distilling wine to preserve it and concentrate its alcohol content. The name “brandy” comes from the Dutch word “brandewijn,” meaning “burnt wine,” referring to the heat distillation process.
